Independent Accountants' Report

Board of Directors
National Jewish Health
Denver, Colorado

We have audited the accompanying consolidated statements of financial position of National Jewish Health and Subsidiary (National Jewish) as of June 30, 2010 and 2009, and the related consolidated statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the National Jewish's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of National Jewish as of June 30, 2010 and 2009, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

(1) Corporate Organization

(a) Organization

National Jewish Health and subsidiary (National Jewish), a Colorado nonprofit corporation, is a national referral medical institute engaged in patient care, medical research, and teaching, primarily in areas of respiratory, allergic, and immunologic medicine. National Jewish is the product of a consolidation in 1978 between National Jewish Hospital and Research Center, founded in 1899, and National Asthma Center, founded in 1907.

In 2002, the National Jewish Illiquid Assets Holding Company, LLC, a wholly owned subsidiary of National Jewish, was incorporated. The purpose of this subsidiary is to hold donated property until sold. All related intercompany transactions and balances have been eliminated in consolidation.

National Jewish's activities are supported by numerous voluntary organizations and advisory boards in cities across the United States. The auxiliary organizations, although chartered by National Jewish, maintain their own financial records and submit the net proceeds of their fundraising activities to National Jewish. Because National Jewish does not exercise financial control over its auxiliary organizations, it does not maintain accounting records concerning their activities, and the accompanying consolidated financial statements do not reflect such activities.

National Jewish is a nonprofit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC) and is exempt from federal income taxes on related income pursuant to Section 501(a) of the IRC and a similar provision of state law.

(b) Compliance with Health Care Industry Laws and Regulations

All hospitals and other providers of health care are subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not limited to, matters such as licensure, accreditation, government health care program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse.

Recently, government activity has increased with respect to investigations and allegations involving several health care providers throughout the country concerning possible violations of fraud and abuse statutes and regulations by these health care providers. Violations of these laws and regulations can result in expulsion from government health care programs together with imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that National Jewish is in substantial compliance with applicable government laws and regulations.

(2) Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of consolidated financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ significantly from those estimates.

(b) Contributions, Promises to Give and Bequests

National Jewish receives funding from a number of sources. Contributions received from donors are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases those net asset classes. Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as temporarily restricted and then released from restriction. When the donor restriction expires, the contribution is reclassified to unrestricted net assets and reported in the consolidated statements of activities as “net assets released from restriction – public support.” All expenses directly related to donor restrictions are included in the appropriate expense category as a reduction in unrestricted net assets on the accompanying consolidated statements of activities.

Unconditional promises to give that are expected to be collected within one year are recorded at fair value. Unconditional promises to give that are expected to be collected in future years are also recorded at their estimated fair value, which represents the present value of their estimated future cash flows. Amortization of the related present value discounts is included in contribution revenue. Conditional promises to give are not included as support until the conditions placed on the gift by the donor are substantially met.

Bequest income is recognized when all of the following criteria are met: (1) National Jewish has received notification of the donor’s death; (2) National Jewish has a copy of the valid will or trust document evidencing the bequest; and (3) the value of the gift can be reasonably estimated. Accrued bequest income is shown as temporarily restricted until received.

(c) Pooled Income Gifts

National Jewish also receives pooled income gifts. Under the terms of these contributions, the gifts of various donors are pooled and invested as a group. Each donor is allocated a percentage of the assets, referred to as units. The donor is paid the income, as defined under the arrangement, earned on the donor’s assigned units. Upon the donor’s death, the value of these assigned units reverts to National Jewish. The remainder interest in the assets received is recognized as temporarily restricted contributions revenue in the period in which the assets are received from the donor. The contribution is measured at the fair value of the assets to be received, discounted for the estimated time period until the donor’s death. The contributed assets are recognized at fair value when received. The difference between the fair value of the assets received and the revenue recognized is recorded as deferred revenue, representing the amount of the discount for future interest.

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

(d) Beneficial Interest in Perpetual Trusts

National Jewish receives perpetual trusts in which it has the irrevocable right to receive the income earned on the trust assets in perpetuity, but never receives the corpus. These trusts are administered by third parties and are recognized as contribution revenue and as an asset upon notification of the trust's existence. The contribution is measured at the fair value of the trust's assets, which approximates the present value of the estimated future cash receipts from the trust's assets. The revenue is classified as permanently restricted support. Annual distributions from the trusts are reported as unrestricted investment income unless restricted by the donor.

(e) Charitable Remainder Trusts

National Jewish is the beneficiary in various charitable remainder trusts in which a donor establishes and funds a trust with specified distributions to be made to a designated beneficiary or beneficiaries over the trust's term. Under the terms of the trust, National Jewish receives the assets remaining upon termination of the trust. The distributions to the beneficiaries may be for a specified dollar amount, an arrangement called a charitable remainder annuity trust (CRAT), or for a specified percentage of the trust's fair value determined annually, an arrangement called a charitable remainder unitrust (CRUT). Some CRUTs limit the annual payout to the lesser of the stated percentage or the actual income earned. Obligations to the beneficiaries are limited to the trust's assets. Contributions are recognized in the period in which the trust is established. For those trusts in which National Jewish is the trustee, the assets are recorded at fair value when received, and the liability to the donor's beneficiary is recorded as the present value of the estimated future payments to be distributed over the beneficiary's expected life. The amount of the contribution is the difference between these amounts and is classified as temporarily restricted support. Changes in actuarial assumptions are recognized in the consolidated statements of activities as changes in value of split-interest agreements in the temporarily restricted net asset class. Income earned on trust assets, gains, and losses is reflected in the consolidated statements of activities. Adjustments to the liability to reflect amortization of the discount or revaluation of the present value of the estimated future payments to the beneficiary are reflected in the consolidated statements of activities. Upon the death of the beneficiary, the liability is closed, and any balance is recognized as a change in the value of split-interest agreements and is reclassified to either temporarily restricted or unrestricted net assets as appropriate.

For those trusts of which National Jewish is not the trustee, the agreement is recognized as an unconditional promise to give. National Jewish recognizes, as temporarily restricted contributions revenue and as a receivable, the estimated fair value of the contribution that represents the present value of the estimated future benefits to be received when the trust assets are distributed upon termination of the trust. Adjustments to the receivable to reflect amortization of the discount or revaluation of the present value of the estimated future benefits are recognized as changes in the value of split-interest agreements. Upon the death of the beneficiary, the receivable is closed, the assets received from the trust are recognized at fair value, and any difference is reported as a change in the value of split-interest agreements and is reclassified to either temporarily restricted or unrestricted net assets as appropriate.

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

(f) Charitable Lead Trusts

National Jewish is the beneficiary in a charitable lead annuity trust (CLAT) in which a donor establishes and funds a trust with specific distributions to be made to National Jewish over a specified period. The contribution is recognized in the period in which the trust is established. For the trust of which National Jewish is not the trustee, the agreement is recognized as an unconditional promise to give. National Jewish recognizes its beneficial interest in the assets as temporarily restricted contributions revenue and as a receivable, the estimated fair value of the contribution which represents the present value of the estimated future cash flows. Distributions from the trust are reflected as a reduction in the receivable and as reclassifications from temporarily restricted net assets to unrestricted net assets.

(g) Gift Annuities

National Jewish receives charitable gift annuities under terms of which the donor contributes assets to National Jewish in exchange for a promise to pay a fixed amount for a specified period of time to the donor or to individuals or organizations designated by the donor. Assets received under gift annuity agreements are recognized at fair value when received. A corresponding annuity liability is recognized as the present value of future cash flows expected to be paid to the assigned beneficiary. Unrestricted contribution revenue is recognized as the difference between these two amounts. Adjustments to the annuity liability to reflect amortization of the discount and changes in the life expectancy of the beneficiary are recognized in the consolidated statements of activities as changes in the value of split-interest agreements in unrestricted net assets. Upon the death of the beneficiary, the annuity liability is closed, and a change in the value of the split-interest agreements is recognized.

(h) Grant Revenue

Research grant awards are accounted for as either contributions or exchange transactions based on the provisions of the award document. To the extent that grants are contributions, they are recognized as temporarily restricted support until conditions placed on the award by the granting agency have been satisfied. The related revenue is reclassified to unrestricted net assets as the required restrictions are satisfied and is reported in the consolidated statements of activities as “net assets released from restriction – grants.” All expenses directly related to grant agreements are included in the academic services expense category as a reduction in unrestricted net assets on the accompanying consolidated statements of activities.

(i) Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid debt instruments with original maturities of three months or less, excluding amounts whose use is limited by internal designation or other arrangements.

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

(j) Short-term Investments

Short-term investments consist principally of commercial paper, certificates of deposit, repurchase agreements, and other marketable securities. Investments in equity securities with readily determinable fair values and debt securities are carried at fair value as determined by an estimate based on significant other observable inputs.

(k) Financial Instruments

Financial instruments consist of cash and cash equivalents, short-term investments, accounts receivable, assets limited as to use, long-term investments, contributions receivable, beneficial interest in perpetual trusts, accounts payable, and long-term debt. The carrying amounts reported in the balance sheets for cash and cash equivalents, short-term investments, accounts receivable, assets limited as to use, long-term investments, contributions receivable, beneficial interest in perpetual trusts, and accounts payable approximates fair value. The estimated fair value of long-term debt is discussed in Note 12.

(l) Debt Issuance Costs

Bond issuance costs and bond discounts related to the issuance of bonds are deferred and amortized over the life of the respective bond issue using the straight-line method. Additionally, capital lease issuance costs related to the issuance of capital leases are deferred and amortized over the life of the capital lease using the straight-line method.

(m) Goodwill

Goodwill, which represents the excess of the purchase price over the fair value of the net assets of the Colorado operations of Sleep HealthCenters, is amortized on a straight-line basis over the expected period to be benefited, which is 20 years.

(n) Property and Equipment

Property and equipment that is purchased is stated at cost. Contributed property and equipment is recorded at fair value at the date of donation. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of property and equipment are recorded as unrestricted support. Depreciation of buildings and equipment, including amortization of assets under capital leases, is calculated using the straight-line method over the estimated useful lives of the assets in accordance with American Hospital Association guidelines.

(o) Net Patient Service Revenue

Net patient service revenue is reported at the estimated net realizable amounts receivable from patients, third-party payors, and others for services rendered.

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

Amounts reimbursed for services rendered to patients recovered under various insurance programs are generally less than the established billing rates. The estimated difference is recorded as a reduction to net patient service revenue in the period the services are rendered.

Estimated amounts receivable or payable under reimbursement agreements with the Medicare and Medicaid programs are subject to examination and retroactive adjustment. Provisions for estimated retroactive adjustments under such programs are provided in the period the related services are rendered and adjusted in future periods as final settlements are determined.

(p) Subsequent Events

Subsequent events have been evaluated through October 14, 2010, which is the date the financial statements were available to be issued.

(q) Reclassifications

Certain reclassifications have been made to the 2009 financial statements to conform to the 2010 financial statement presentation. These reclassifications had no effect on the change in net assets.

(3) Charity Care and Community Benefits

National Jewish treats all patients who can benefit from National Jewish's care. Financial assistance is made available to patients based upon their ability to pay, and determinations in individual cases are made during National Jewish's preadmission process. Because National Jewish does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue. The estimated charges foregone under this policy were \$6,195,000 and \$5,548,000 for the years ended June 30, 2010 and 2009, respectively.

National Jewish also participates in the Medicare and Medicaid programs. Under these programs, National Jewish provides care to patients at payment rates determined by governmental agencies, regardless of actual cost.

(4) Net Patient Service Revenue

National Jewish has agreements with third-party payors that provide for reimbursement to National Jewish at amounts different from its established rates. Contractual adjustments under third-party reimbursement programs represent the difference between National Jewish's established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with major third-party payors follows:

Medicare. Inpatient acute care services and substantially all outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Certain inpatient nonacute services and defined medical education costs are paid based on a cost reimbursement methodology. National Jewish is reimbursed for certain services at tentative

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

rates with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare fiscal intermediary.

Medicaid. Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed under a cost reimbursement methodology for certain services and at prospectively determined rates for all other services.

Managed Care. National Jewish has entered into agreements with numerous managed care organizations. The basis for payment to National Jewish under these agreements is primarily discounts from established charges and negotiated fee schedules.

National Jewish provides services in Colorado to patients from throughout the United States and internationally. As of June 30, 2010 and 2009, National Jewish's net patient receivable for services rendered was \$15,492,000 and \$14,971,000, respectively. Possible credit losses are provided for in National Jewish's allowance for uncollectible accounts and contractual adjustments.

The mix of gross patient charges from patients and third-party payors is as follows:

	Revenue	
	2010	2009
Medicare	31%	31%
Medicaid	6%	6%
Blue Cross	16%	17%
Managed care	25%	25%
Other third-party payors	22%	21%
	<u>100%</u>	<u>100%</u>

(5) Grant Revenue

Total grant revenue consists of grants from the federal government as well as grants from charitable foundations and private corporations. The composition of total grant revenue for the years ended June 30, 2010 and 2009, is as follows:

	2010	2009
Federal grants	\$ 56,465,000	\$ 48,663,000
Charitable foundation and private corporation grants	<u>8,517,000</u>	<u>8,233,000</u>

Notes to Consolidated Financial Statements
June 30, 2010 and 2009

For the above split-interest agreements, a risk-free rate, obtained using U.S. Treasury bonds at the date of the gift, was used in conjunction with actuarially determined life expectancies to calculate present values. The interest rates ranged from 1.50% to 10.00% for 2010 and 1.50% to 10.48% for 2009.

Though the assets received under gift annuity agreements are generally available for unrestricted use and the liability is a general obligation of National Jewish, National Jewish is required by several states to set assets aside to pay the regulatory minimum annuity obligation. These funds are classified as assets reserved for gift annuities on the consolidated statements of financial position. These assets are invested in equities and bonds, which are stated at fair value, as determined by the most recent market quotations or an estimate based on significant other observable inputs, and totaled \$9,211,000 and \$8,966,000 at June 30, 2010 and 2009, respectively.

(11) Construction in Progress

National Jewish is currently in the process of remodeling and upgrading parts of its campus in order to better utilize its facilities. In addition, National Jewish's Information Systems Department is internally developing new software solely for internal use in management of its tobacco cessation programs. Accordingly, at June 30, 2010, National Jewish had three unfinished projects. Total projected costs are estimated at \$2,063,000. As of June 30, 2010, National Jewish has expended \$328,000 related to these projects.

(12) Long-term Debt

Long-term debt at June 30, 2010 and 2009, is summarized as follows:

	<u>2010</u>	<u>2009</u>
Revenue Bonds, Series 1998	\$ 25,235,000	\$ 26,060,000

(a) Series 1998 Revenue Bonds

In April 1998, the Colorado Health Facilities Authority issued \$32,805,000 aggregate principal amount of its Series 1998 Revenue Bonds (the 1998 Bonds), dated April 1, 1998. Proceeds from the 1998 Bonds were used to pay certain costs relating to the issuance of the bonds and were used to finance a number of capital construction and renovation projects.

National Jewish Health and Subsidiary
Notes to Consolidated Financial Statements
June 30, 2010 and 2009

The 1998 Bonds require annual payments of varying amounts. These payments began on January 1, 1999. Additionally, the bonds are subject to mandatory sinking fund redemption beginning in January 2003. Final principal payments on the bonds are due in January 2028. Redemption amounts are as follows at June 30, 2010:

2011	\$ 865,000
2012	915,000
2013	960,000
2014	1,015,000
2015	1,070,000
Thereafter	<u>20,410,000</u>
	<u><u>\$ 25,235,000</u></u>

The 1998 Bonds bear interest at the fixed rate of 5.375% and are secured by the rights to all future revenue derived from National Jewish's property, excluding revenue derived from donor-restricted property if such revenue is unavailable for debt service. The 1998 Bonds are subject to covenants that impose certain operating and financial restrictions on National Jewish. Management believes National Jewish was in compliance with all covenants for the years ended June 30, 2010 and 2009.

(b) Series 1998B Revenue Bonds

In November 1998, the Colorado Health Facilities Authority issued a \$5,700,000 aggregate principal amount of its Series 1998B Revenue Bonds (the 1998B Bonds) dated November 1, 1998. Proceeds from the 1998B Bonds were used to pay certain costs relating to the upgrading and renovation of National Jewish's PowerHouse building.

The 1998B Bonds require annual payments of varying amounts. These payments began on January 1, 2000. Additionally, the bonds are subject to mandatory sinking fund redemption beginning in January 2018. Final principal payments on the bonds are due in January 2029. Redemption amounts are as follows at June 30, 2010:

2011	\$ 145,000
2012	150,000
2013	160,000
2014	165,000
2015	175,000
Thereafter	<u>3,715,000</u>
	<u><u>\$ 4,510,000</u></u>

The 1998B Bonds bear interest at fixed rates varying from 5.25% to 5.375% and are secured by the rights to all future revenue derived from National Jewish's property, excluding revenue derived

from donor restricted property if such revenue is unavailable for debt service. The 1998B Bonds are subject to covenants that impose certain operating and financial restrictions on National Jewish. Management believes National Jewish was in compliance with all covenants for the years ended June 30, 2010 and 2009.

(c) Series 2005 Revenue Bonds

In January 2005, the Colorado Health Facilities Authority issued \$13,500,000 aggregate principal amount of its Series 2005 Revenue Bonds (the 2005 Bonds) dated January 20, 2005. Proceeds from the 2005 Bonds were used to finance the construction of a clinical and research building, as well as several renovation projects and equipment.

The 2005 Bonds require annual payments of varying amounts. These payments began on January 1, 2007. Final principal payments on the bonds are due in January 2035. Redemption amounts are as follows at June 30, 2010:

2011	\$ 300,000
2012	300,000
2013	300,000
2014	300,000
2015	400,000
Thereafter	<u>10,700,000</u>
	<u><u>\$ 12,300,000</u></u>

The 2005 Bonds bear a variable rate of interest based on the rate at which the bonds could be remarketed at their face value and are secured by the rights to all future revenue derived from National Jewish's property, excluding revenue derived from donor restricted property if such revenue is unavailable for debt service. The interest rate at June 30, 2010, was .32%. The 2005 Bonds are backed by an irrevocable transferable letter of credit expiring March 1, 2012. At June 30, 2010 and 2009, no borrowings were outstanding. The 2005 Bonds are subject to covenants, which impose certain operating and financial restrictions on National Jewish. Management believes National Jewish was in compliance with all covenants for the years ended June 30, 2010 and 2009.

The fair value of National Jewish's bond issues is determined by quoted market rates. The estimated fair values of National Jewish's financial instruments are summarized as follows:

	2010	
	<u>Carrying Value</u>	<u>Estimated Fair Value</u>
Revenue Bonds, Series 1998	\$ 24,838,000	\$ 25,042,000

(d) Capital Lease / Financing Arrangement

In March 2008, National Jewish entered into a financing arrangement receiving proceeds of \$13,000,000. The proceeds are being used to purchase new radiology equipment for the new Institute for Biomedical Imaging™ and other strategic capital assets. Once equipment is acquired, the financing converts to a capital lease. As of June 30, 2010, \$12,685,000 has been used to acquire equipment, and the remaining \$436,000 (which includes interest earned) is held in escrow. Included in the equipment and software in the accompanying financial statements are assets under capital leases, as follows:

	2010	2009
Classes of assets		
Equipment and software	\$ 12,685,000	\$ 12,685,000
Less accumulated depreciation	(4,911,000)	(2,506,000)

(13) Line of Credit

National Jewish has a \$10,000,000 unsecured revolving bank line of credit expiring on February 1, 2012. At June 30, 2010 and 2009, there was \$0 borrowed against this line. Interest accrues at the bank's prime rate less 1%. National Jewish's borrowing interest rate was 3.25% and 2.25% on June 30, 2010 and 2009, respectively.

(14) Commitments and Contingencies

(a) Operating Leases

National Jewish leases certain facilities and equipment under operating leases. The leases expire in various years through 2018. These leases generally require National Jewish to pay all executory costs (property taxes, maintenance and insurance). Future minimum rental payments as of June 30, 2010, that have initial or remaining non-cancelable lease terms equal to or greater than one year are as follows:

2011	\$ 826,000
2012	624,000
2013	386,000
2014	242,000
2015	231,000
Thereafter	<u>494,000</u>
Total future minimum lease payments	<u>\$ 2,803,000</u>

Rental expense for operating leases was approximately \$1,285,000 and \$1,478,000 for the years ended June 30, 2010 and 2009, respectively.

(b) Other

National Jewish has certain pending litigation and claims incurred in the ordinary course of business; however, management believes, based on the advice of legal counsel, that the probable resolution of such contingencies will not materially affect the financial position or operations of National Jewish.

National Jewish maintains professional and general liability coverage through a claims-made policy with COPIC Insurance. The policy's liability is \$1,000,000 per medical incident and \$3,000,000 in the aggregate, with deductibles of \$100,000 per medical incident/occurrence and \$300,000 in the aggregate. In addition, umbrella coverage is provided to National Jewish through a claims-made policy with COPIC Insurance. The liability limit under the umbrella policy is \$40,000,000 combined medical incident and in aggregate.

(c) Risks and Uncertainties

National Jewish invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the investment amounts reported in the statements of financial position.

(15) Temporarily Restricted Net Assets

Temporarily restricted net assets are available for the following purposes:

	<u>2010</u>	<u>2009</u>
Net assets reserved for future unrestricted uses	\$ 587,000	\$ 10,392,000
Restricted for research, education, patient care, and capital construction	8,337,000	6,532,000
Endowed assets not yet appropriated for expenditure	6,589,000	3,521,000
Unitrust agreements	4,787,000	4,141,000
Pooled income	<u>2,094,000</u>	<u>2,243,000</u>
	<u>\$ 22,394,000</u>	<u>\$ 26,829,000</u>

Net assets reserved for future unrestricted uses represent contributions not yet received by National Jewish. Endowed assets not yet appropriated for expenditure represent earnings on permanently endowed funds that have not been appropriated for expenditure by National Jewish in a manner consistent with the standard of prudence prescribed by SPMIFA. See Note 17 for further discussion.

(16) Permanently Restricted Net Assets

Permanently restricted net assets consist of the following:

	<u>2010</u>	<u>2009</u>
Beneficial interest in perpetual trust agreement	\$ 8,364,000	\$ 7,516,000
Permanent endowments	<u>29,266,000</u>	<u>22,358,000</u>
Total	<u>\$ 37,630,000</u>	<u>\$ 29,874,000</u>

National Jewish is an income beneficiary of several perpetual trusts controlled by unrelated third-party trustees. The trust document or the trustees' policies govern the investment and distribution of trust assets. Trust income distributed to National Jewish for the years ended June 30, 2010 and 2009, was \$374,000 and \$261,000, respectively.

(17) Endowment

National Jewish's endowment consists of approximately 69 individual, donor-restricted funds established as endowments and intended for a variety of purposes. The board of directors has interpreted the State of Colorado Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, and adoption of Financial Accounting Standards Board Staff Position 117-1 during the year ended June 30, 2009, National Jewish classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard of prudence prescribed by SPMIFA. The organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- 1) The duration and preservation of the fund
- 2) The purpose of the organization and the donor-restricted endowment fund
- 3) General economic conditions
- 4) The possible effect of inflation and deflation
- 5) The expected total return from income and appreciation of investments
- 6) The resources of the organization
- 7) The investment policies of the organization

(a) Investment Policy

National Jewish has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by the endowment while balancing fund growth. Under this policy, approved by the board of directors, the assets are invested in a manner that is intended to produce results that exceed CPI plus 5% per year as measured over a rolling 36-month period. To satisfy this long-term rate of return objective, National Jewish relies on a total return strategy in which investment returns are achieved through both capital appreciation and current yield. National Jewish targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives with prudent risk constraints.

Notes to Consolidated Financial Statements
June 30, 2010 and 2009

(b) Spending Policy

National Jewish's spending policy varies by the purpose of the endowment and was established by the board of directors after considering all seven factors outlined by SPMIFA above. Funds with donor specific purposes have a spending policy of between 3% and 4% of the market value of the fund averaged over the past 12 fiscal quarters preceding the fiscal year in which the distribution is made.

(c) Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or SPMIFA requires National Jewish to retain as an endowment. In accordance with GAAP, deficiencies of this nature that are reported in unrestricted net assets were \$65,000 as of June 30, 2009. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions. There were no such deficiencies as of June 30, 2010.

The composition of net assets by type of endowment fund at June 30, 2010:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Donor-restricted endowment funds	\$ (65,000)	\$ 8,446,000	\$ 29,266,000	\$ 37,647,000

(18) Fair Value Disclosure

National Jewish values investments in accordance with Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (“ASC 820”) (previously, Statement of Financial Accounting Standards No. 157, *Fair Value Measurements*). ASC 820 defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements.

ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices in active markets for identical assets or liabilities

Level 2: Observable inputs other than level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active, other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The following table represents the fair value measurement of assets recognized in the accompanying balance sheet measured at fair value on a recurring basis and the level within the ASC 820 fair value hierarchy in which the fair value measurements fall at June 30, 2010 and 2009:

(19) Employee Benefit Plans

National Jewish maintains a defined contribution plan (the Plan) covering substantially all full-time employees. Under the terms of the Plan, National Jewish contributes between 5% and 6% of an employee's covered wages up to the Social Security wage base and between 10% and 11% of covered wages in excess of the Social Security wage base. The Plan contains no provisions requiring National Jewish to match a portion of employee contributions. Expenses under the Plan for 2010 and 2009 approximated \$1,837,000 and \$1,683,000, respectively.

(20) Related-party Transactions

National Jewish, from time to time in the normal course of business and within the guidelines of its conflict of interest policy, has entered into transactions with companies for which certain members of the companies' management also serve on the board of National Jewish. Management believes that prices paid by National Jewish have been equal to or less than the prices that would have been paid in transactions with parties not related to National Jewish.
