

Advanced Diagnostic
Laboratories

Dear Clinical Staff:

Effective, April 4, 2024, the Advanced Diagnostic Laboratories has added the IgE rana o 3, Cashew nut component (EPIC test code 522067) to its testing repertoire. Cashew nut allergy is a high-risk condition, contributing to severe allergic reactions in susceptible patients. This new assay will improve diagnostic accuracy for cashew allergy, thereby improving patient care.

If you have any questions, please contact our Client Services Team at extension 4120 or via email at ClinRefLabs@NJHealth.org.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Groshong".

Steve Groshong, MD, PhD

Medical Director, Advanced Diagnostic Laboratories
