

Advanced Diagnostic
Laboratories

Dear Valued Client:

Effective 8/19/2024, the Immunology Laboratory will be temporarily suspending the Interferon Gamma and IL-17 Producing CD4 T Cells Flow Cytometry test (Test Code: TH17C). This test delay was issued in response to a manufacturer's reagent shortage. New reagent supplies are expected sometime in September of this year.

We apologize for any inconvenience this may cause and appreciate your patience. If you have questions, please contact our Client Service team at 800.550. 6227 or via email at ClinRefLabs@NJHealth.org.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Groshong".

Steve Groshong, MD, PhD

Medical Director, Advanced Diagnostic Laboratories
