

# IMPORTANT

## Bring a mask with you to your appointment.

---

**National Jewish Health requires all employees, patients and visitors to wear a mask at all times.**

Wearing a mask protects others around you from your germs. It's important that we all do our part to keep everyone safe.

- » If you do not have a mask, one will be provided to you to wear during your visit.
- » Cloth masks and surgical masks are approved to wear.
- » Masks with exhalation valves/buttons are prohibited.
- » Make sure to cover both your mouth and nose with the mask.
- » DO NOT remove your mask unless instructed for testing or otherwise.
- » DO NOT pull the mask down under your chin or up over your forehead.
- » If you touch your mask, wash your hands or use hand sanitizer immediately.

## Thank you for your cooperation.
