Longest Drive Winner – Men’s

Longest Drive Winner – Women’s
Karen feared that her lung disease meant she would never dance again, but doctors at the leading respiratory hospital in the nation knew better. For over 116 years, the innovative research and approaches to care at National Jewish Health in Denver have helped Karen and millions like her breathe easier. We believe that people with respiratory, heart and immune diseases should never hear “never” again.

To make an appointment, call 1.800.621.0505 or visit njhealth.org.
Dear Friends,

Thank you for being a part of the 2015 Fund to Cure Asthma Golf Tournament. We appreciate your support of the institution.

For the talented physicians, researchers and staff at National Jewish Health, the “We Never Say Never®” mindset is at the core of what we do each and every day. Since 1899, we have taken on the toughest medical conditions and most challenging cases – finding answers that change our patients’ lives and making discoveries that advance care for people across the globe.

Our donors have been with us every step of the way. Through your attendance today, you accelerate the pace of discovery by providing funding for innovative research and ensure that we can care for all patients, regardless of their ability to pay. You also help to educate and train the next generation of leaders in medicine and science through contributions to fellowships and endowments.

I hope you will have the opportunity to visit our campus, where you can see in person what makes National Jewish Health the leading respiratory hospital in the nation. Our website (njhealth.org) is also a resource to learn about our work and the conditions we treat.

Once again, we are grateful for your generosity. On behalf of everyone at National Jewish Health, thank you for joining us at the Fund to Cure Asthma Golf Tournament. Warm regards.

Sincerely yours,

Michael Salem, M.D.

FUND TO CURE ASTHMA FOUNDERS
Nancy & James Berry Hill* and Marjorie & Stephen Raphael*

*National Jewish Health Trustees
Dear Friends and Colleagues,

Thank you for joining us today for the 19th Annual National Jewish Health Golf Tournament benefiting the Fund To Cure Asthma. We are honored to be chairing this exciting event in support of such an important institution.

For 116 years, National Jewish Health has been the leading respiratory hospital in the nation. Since 1994, more than $5.5 million has been raised to support the Fund To Cure Asthma (fundtocureasthma.org). National Jewish Health is known worldwide for the treatment of patients with respiratory, cardiac, immune and related disorders, and for groundbreaking medical research. Founded in 1899 as a nonprofit hospital, this institution is the only facility in the world dedicated exclusively to these disorders (njhealth.org). This year, National Jewish Health and the Icahn School of Medicine at Mount Sinai established The Mount Sinai – National Jewish Health Respiratory Institute in New York City. For more information, visit www.therespiratoryinstitute.org.

Your donations to the Fund To Cure Asthma directly support important research, which covers the spectrum from basic science research to clinical trials of new drugs. National Jewish Health has broken ground with discoveries that impact and improve the lives of asthma patients around the world. National Jewish Health is uniquely positioned to lead the effort to find better ways to prevent and treat asthma.

Again, thank you for supporting this important cause.

With gratitude,

Robert E. Helpern
Golf Tournament Co-Chair

Stephen B. Siegel
Golf Tournament Co-Chair

Samuel B. Lewis
Chair Emeritus
The Fund to Cure Asthma (FTCA) was founded and created by Nancy & James Berry Hill and Marjorie & Stephen Raphael in 1994 to secure resources for basic and clinical research related to understanding, treating and eventually conquering this widespread, debilitating and sometimes fatal disease.

FTCA supports work at National Jewish Health, the leading respiratory hospital in the nation. We have broken ground with discoveries that impact and improve the lives of asthma patients around the world.

Impressed by the level of excellence and motivated by firsthand experiences of the devastating effects of asthma, the founders of FTCA set a goal of raising $14 million to strengthen research efforts at National Jewish Health. The goal includes endowing six departmental chairs: Pediatric Asthma, Adult Asthma, Asthma Research, Pediatric Allergy, Adult Allergy and Basic Immunology, to help to ensure that National Jewish Health will stay at the forefront of asthma research and treatment.

National Jewish Health is committed to educating the next generation of leaders in research and care. Through fellowships, lectures and publications, our faculty have provided knowledge for tens of thousands of professionals around the globe. In addition, we offer a variety of unique programs for consumers, including Lung Line®, a free information service that has answered millions of phone calls and emails since it was established in 1983 (800.222.LUNG).

RD MANAGEMENT LLC
If you live in New York City, there’s a good chance your tap water comes from the iconic water tank on your building’s roof. And that might not be water you want to drink straight from the tap.

But your apartment’s drinking water can be cleaner, clearer and great tasting — if you have a Culligan® Aqua-Clear® Advanced Drinking Water System.

By using Culligan’s Aqua-Clear Water Filter you are helping to reduce the amount of plastic bottles that end up in landfills. Culligan’s Aqua-Clear Water Filters have been certified by NSF International which assures your Culligan Filter has been tested under the highest industry standards.

Installation is fast. You’ll be enjoying cleaner, clearer water in no time, and you’ll never have to buy and store bottled water in your apartment again.

So call us today, and start enjoying better water, pure and simple.®

Our Mission since 1899 is to heal, to discover, and to educate as a preeminent health care institution.

We serve by providing the best integrated and innovative care for patients and their families; by understanding and finding cures for diseases we research; and by educating and training the next generation of health care professionals to be leaders in medicine and science.

Our Vision is to be the global leader in the research and treatment of respiratory, cardiac, immune and related diseases.

We pursue this vision by pioneering individualized medicine programs which embrace the paradigm shift from reactive medicine to proactive, personalized health care. These programs enable us to integrate the provision of outstanding patient care, the conduct of novel basic, translational and clinical research, and the education of health care and research professionals. Through our efforts, we seek to achieve cures for patients who seek treatment and to bring new knowledge and discoveries to help people worldwide.

For their extraordinary leadership at the
19th Annual Golf Tournament
National Jewish Health is the leading respiratory hospital in the nation. Founded in 1899 as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care.

The Mount Sinai – National Jewish Health Respiratory Institute is a collaboration between the Icahn School of Medicine at Mount Sinai, a top ranked academic medical center in New York City, and National Jewish Health, the nation’s leading respiratory hospital based in Denver. By combining the strengths of both entities, the integrated Respiratory Institute brings together leading expertise in diagnosing and treating all forms of respiratory illness and lung disease, including asthma, chronic obstructive pulmonary disease, interstitial lung disease and bronchiectasis.
