About The Fund to Cure Asthma at National Jewish Health

*Every day, 10 Americans succumb to asthma.*

The Fund to Cure Asthma was founded by Nancy & James Berry Hill and Marjorie & Stephen Raphael in 1994. The goal is to raise critically important funds for research related to understanding, treating and eventually conquering this widespread, debilitating and sometimes fatal disease.

As the leading respiratory hospital in the nation, National Jewish Health is *the* place in the United States where physicians refer the most difficult cases of asthma.

Sandy Lewis is a real estate consultant and served as president of Goodstein Management, Inc. for more than 35 years. He was responsible for overseeing the day-to-day operations of the business as well as handling all new management business and development. He sold the company in 2010.

Presently, Sandy is an independent consultant, working for The Red Apple Real Estate Group. He is a licensed real estate broker and is certified as a senior registered apartment manager. He received his bachelor's in business administration from Long Island University.

Sandy is deeply involved in a number of charities. He serves on the National Jewish Health Council of National Trustees and has helped lead the Fund to Cure Asthma Golf Tournament for more than 20 years as both chair and chair emeritus. Sandy and his wife, Sheila, live in Rye Brook, NY and have two children and four grandchildren.

Dear Friends and Colleagues,

Thank you for joining us today to honor Sandy Lewis and to support National Jewish Health.

The Fund to Cure Asthma Golf Tournament has long been at the forefront in providing funds to support this world-class institution.

National Jewish Health is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders.

Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive and coordinated care.

**Did you know? National Jewish Health:**

- Has been ranked #1 or #2 in pulmonology by *U.S. News & World Report* since the category was added in 1997.
- Has more than 50 doctors named on various best-of lists, including "America's Top Doctors" by Castle Connolly, Ltd.
- Is in the top 7 percent of institutions funded by the National Institutes of Health, an extraordinary achievement for an institution of its size.
- Is responsible for many important scientific advances, including the discovery of IgE, the molecule responsible for allergic reactions.
- Operates Morgridge Academy, a K-8 school for chronically ill children. It is the only school of its kind in the country on a medical campus.

Thank you for your support of National Jewish Health.

**Breathing Science is Life.®**

**#1** in Respiratory Care

Dear Friends,

Thank you for being a part of The Fund to Cure Asthma Golf Tournament benefiting National Jewish Health. Your involvement helps us in our mission to treat patients and research cures for some of the most devastating illnesses related to the lungs, the heart and immune disorders. You help us make a difference for children and adults across the nation and throughout the world.

Take a moment to look around. Every person you see takes breathing for granted, until they can't.

National Jewish Health has spent 120 years developing new tools for diagnosing and treating respiratory and related diseases. Our unique, comprehensive model of care, and our collaborations within an unparalleled and highly-coordinated research network, enable us to provide our patients with the latest discoveries and clinical trial opportunities. This leads to more effective treatments and ultimately takes us closer to cures.

We would appreciate the opportunity to show you in person why National Jewish Health is ranked #1 in Respiratory Care by *U.S. News & World Report*. Please let us know if you are interested in a Behind the Scenes™ visit by contacting us at 212.297.0857. [njhealth.org](http://njhealth.org) is also a good resource to learn about our work and the conditions we treat.

On behalf of our dedicated Board of Directors, Council of National Trustees, faculty, staff and the patients and families we serve, thank you for joining us at The Fund to Cure Asthma Golf Tournament. Your support provides the best care possible for those with respiratory and related diseases. Best regards.

Sincerely yours,

## 100% PIGEON-FREE WATER

*No matter what's up on the roof.*

If you live in New York City, there's a good chance your tap water comes from the iconic water tank on your building's roof. And that might not be water you want to drink straight from the tap.

But your apartment's drinking water can be clearer, cleaner and great tasting — if you have a Culligan® Aqua-Clear® Advanced Drinking Water System.

By Using Culligan's Aqua-Clear Water Filters you are helping to reduce the amount of plastic bottles that end up in landfills. Culligan's Aqua-Clear Water Filters have been certified by NSF International which assures your Culligan Filter has been tested under the highest industry standards.

Installation is fast. You'll be enjoying clearer, cleaner water in no time, and you'll never have to buy and store bottled water in your apartment again.

So call us today, and start enjoying better water, pure and simple.®

**Our Mission since 1899 is to heal, to discover, and to educate as a preeminent health care institution**

We serve by providing the best integrated and innovative care for patients and their families; by understanding and finding cures for diseases we research; and by educating and training the next generation of health care professionals to be leaders in medicine and science.

**Our Vision is to be the global leader in the research and treatment of respiratory, cardiac, immune and related diseases.**

We pursue this vision by pioneering individualized medicine programs which embrace the paradigm shift from reactive medicine to proactive, personalized health care. These programs enable us to integrate the provision of outstanding patient care, the conduct of novel basic, translational and clinical research, and the education of health care and research professionals. Through our efforts, we seek to achieve cures for patients who seek treatment and to bring new knowledge and discoveries to help people worldwide.
