LOS ANGELES REAL ESTATE AND FINANCIAL SERVICES

BREATH OF LIFE

GOLF CLASSIC

Golf tournaments benefiting National Jewish Health have been held in Los Angeles since 1989, raising more than **\$4 million for the leading respiratory hospital in the nation.**

This highly anticipated industry tournament brings L.A.'s leaders in real estate and financial services together to support the country's leading respiratory experts in giving the **Breath of Life** to children and adults in Los Angeles and around the country.

Each year this tournament gets more popular. Don't miss out on the spectacular redesigned course at El Caballero Country Club, the all-day hosted bar, contests and more!

BREATH OF LIFE

GOLF CLASSIC

Support from this tournament helps National Jewish Health conduct groundbreaking research and provide compassionate care for children and adults with lung, heart, immune and related conditions, including COVID-19. There is no other coordinated research and clinical care facility in the country with our expertise.

We have been ranked #1 or #2 in Pulmonology by *U.S. News & World Report* for 26 consecutive years.

Our world-class faculty and staff set national treatment guidelines, **consistently being named on various “best of” lists, such as “America’s Top Doctors” by Castle Connolly.**

Every year patients come to National Jewish Health from all 50 states and several foreign countries, seeking care they could not receive anywhere else.

In Press Ganey surveys, **95% of all patients would recommend National Jewish Health to a friend or family member.** We received especially high ratings in communication, joint decision making and patients’ confidence in care providers.

BREATH OF LIFE

GOLF CLASSIC

We operate the **Center for Post-COVID Care and Recovery** for patients across the nation whose infections have passed but need ongoing help with their recovery.

We are responsible for many important scientific advances, including the discoveries of cell parts that influence allergic and immune responses. We are using that expertise and **leading in substantial and innovative research and clinical trials to understand and treat COVID-19 and long COVID.**

Since opening in 1899, we have provided care to all patients, regardless of their ability to pay. The demand for charity care has grown significantly with **a yearly average of \$45 million provided in free and subsidized care.**

National Jewish Health is home to Morgridge Academy, a tuition-free K-8 school for chronically ill children and the only school of its kind in the country on a medical campus. Students learn to manage their diseases while succeeding academically, physically and socially.
