

Asbestos Notification

In compliance with the United States Environmental Protection Agency (EPA) and the Asbestos Hazard Emergency Response Act (AHERA), this is notice that the Morgridge Academy has an Asbestos Management Plan at the school office and the Hospital's facilities office. The plan is available for inspection by the public, parents, and school employees. National Jewish Health performs six-month periodic surveillance of asbestos and full re-inspections every three years. For more information, please contact the school's office or the Hospital Facilities Department.
