- *Congenital Lung Disease*

Research Areas:

- *Sex Differences in Bronchopulmonary Dysplasia*
- *Lung Development Epigenetics*

Programs & Services:

- *Department of Pediatrics*
- *Division of Pediatric Pulmonary Medicine*

I have a special interest in Bronchopulmonary dysplasia and lung development. After an intense NICU course many premature newborns continue to have lower lung function than term babies. I am interested in the outpatient follow up of these infants with the goal of providing the support that these infants and their families need after discharge.

Board Certification

2008: Pediatrics

Education

1998 - 2004 Dayanand Medical College, Ludhiana, M.B.B.S.

2011 - 2013 Harvard Medical School, Biomedical Informatics

Residency

2005 - 2008 State University of New York Downstate Medical Center, Pediatrics

Fellowship

2008 - 2011 Westchester Medical Center, NY, Neonatology

2015 - 2017 University of California, San Diego, Pediatric Pulmonology

Affiliations with the University of Colorado Denver

University of Colorado Denver

Professional Memberships

American Thoracic Society

Awards & Recognition

2016: ATS Abstract Scholarship. Sex Associated Differences In Gene Expression In Neonates With BPD

2014: Abstract Scholarship. Consensus Epigenetic Network Analyses of IUS Exposed Fetal Lung and Placental Tissues.

2011: Annual Resident Research award at Maria Fareri Children's hospital
