

- Associate Professor
- Assistant Director, Interstitial Lung Disease Program
- Department of Medicine
- Division of Pulmonary, Critical Care & Sleep Medicine
- Endowed Chair in Interstitial Lung Disease

Conditions Treated:

- Rheumatoid Arthritis (RA)
- Lupus
- Hypersensitivity Pneumonitis
- Scleroderma / Systemic Sclerosis (SSC)
- Idiopathic Pulmonary Fibrosis
- Polymyositis
- Autoimmune Lung Diseases

Research Areas:

- Autoimmunity/Rheumatology
- Cellular and Molecular Biology
- Interstitial Lung Disease (ILD)
- Pulmonary Disease Research, Other

Programs & Services:

- Interstitial Lung Disease (ILD) Program
- Swedish Medical Center Critical Care Service
- Division of Pulmonary, Critical Care and Sleep Medicine (Adult)
- Rose Medical Center Critical Care Service
- Department of Medicine

Research Interests

My research is focused on the basic cellular and molecular mechanisms involved in the lung's response to injury and predisposition to fibroproliferation. I am a member of the Interstitial Lung Disease Program and an active participant in its clinical and research programs. In collaboration with the other members of the ILD Program, I am investigating novel therapies for the treatment of interstitial lung disease

Board Certification

Internal Medicine Pulmonary Medicine Critical Care Medicine

Education

1991 James Madison University, BS, Chemistry
1995 Hahnemann University School of Medicine, MD

Residency

1995 - 1998 Thomas Jefferson University Hospital, Internal Medicine
1998 - 1999 Thomas Jefferson University Hospital, Chief Medical Resident

Fellowship

1999 - 2000 University of Colorado Denver, Pulmonary and Critical Care Medicine

Teaching or Professional Positions

Associate Professor of Medicine

Assistant Director, Interstitial Lung Disease Program
Medical Director, Minimally Invasive Diagnostic Center

Affiliations with the University of Colorado Denver

Associate Professor of Medicine at University of Colorado Denver

Professional Memberships

Fellow, American College of Chest Physicians
Member, American Thoracic Society

Awards & Recognition

2014: Best Doctors in America, Best Doctors, Inc.
2007: National Jewish Medical & Research Center Outstanding Junior Faculty Award
2004: Co-Chairman, ATS Postgraduate Course: "The Cutting Edge of Lung Fibrosis: How Our Current Understanding of Pathogenesis Is Leading to New Therapeutic Approaches"
