

- Associate Professor
- Department of Medicine

Conditions Treated:

- Psychological & Social Issues

Research Areas:

- Family and Mental Health Issues among Individuals with COPD

Programs & Services:

- Department of Medicine

Clinical Interests

Couples and family treatment in the context of chronic respiratory diseases.

Research Interests

Dr. Holm's research focuses on social and psychological factors that are related to COPD outcomes. Her research also focuses on the extent to which the relative importance of various social and psychological factors differs for individuals with COPD due to alpha-1 antitrypsin deficiency (AATD).

Recent Research:

"Social and Cognitive Risk Factors for Suboptimal Adherence to Supplemental Oxygen Therapy."
PI: K Holm, American Lung Association.

"The Role of Families in Adherence to Supplemental Oxygen Therapy." PI: K Holm, National Council on Family Relations.

"Helping Alphas Succeed with Oxygen Therapy." PI: K Holm, Alpha-1 Foundation.
