

- Professor
  - Division of Pediatric Allergy & Clinical Immunology
  - Department of Pediatrics
- 

### Programs & Services:

- National Jewish Health for Kids / Pediatric Programs

### Research Interests

Dr. Rabinovitch's current research focuses on the role of environmental triggers and biomarkers of susceptibility in asthma. These spotlight the effects of ambient air pollution, environmental tobacco smoke and bioaerosols on asthma severity and identifies biomarkers which can be used to individualize medical therapy in asthma.

### Board Certification

American Board of Allergy and Immunology

### Education

1989 McGill University Medical School, MD

### Residency

1992 Albert Einstein College of Medicine, Pediatrics

### Fellowship

1997 National Jewish Health, Pediatrics, Allergy and Immunology

### Affiliations with the University of Colorado Denver

Professor of Pediatrics at the University of Colorado Denver

### Professional Memberships

AAAAI

### Awards & Recognition

2014: Best Doctors in America, Best Doctors, Inc.

2007-2008: Best Doctors in America: Allergy/Immunology
