

- Associate Professor
- Division of Cardiology
- Department of Medicine

Conditions Treated:

- Cardiac Sarcoidosis
- Congestive Heart Failure
- Arrhythmia & Palpitations
- Atrial Fibrillation
- Ventricular Tachycardia
- Ventricular Fibrillation
- Supraventricular Tachycardia (SVT)
- Bradycardia
- Cardiac Device Management

Research Areas:

- Congestive Heart Failure
- Arrhythmia & Palpitations
- Sudden Cardiac Arrest
- Atrial Fibrillation

Programs & Services:

- Cardiology Programs
- Division of Cardiology (Adult)
- Department of Medicine
- Cardiac Electrophysiology

Clinical Interests

My clinical interest spans all of cardiac electrophysiology, dealing with slow and fast heart rhythm problems. My clinical expertise includes all cardiac device implantations related to heart rhythm disturbances, as well as a comprehensive list of cardiac ablations (cauterization) to improve or cure arrhythmias occurring in both the top and bottom parts of the heart (including atrial fibrillation and ventricular tachycardias).

Education

2004 University of Pennsylvania School of Medicine, MD
1999 Stanford University (CA), BS

Residency

2007 University of Pennsylvania Health System Program, Internal Medicine

Fellowship

2012 University of California (San Francisco), Clinical Cardiac Electrophysiology
2010 University of California (San Francisco), Cardiovascular Disease

Professional Memberships

American College of Cardiology (ACC), Fellow
Heart Rhythm Society (HRS), Fellow

Awards & Recognition

2012: Top Presentation Award, Meet the Masters

2012: Fellows Highest Scoring Abstract Award, Heart Rhythm Society
