-

Conditions Treated:

- General Pulmonary

Programs & Services:

- Department of Medicine
- Asthma Treatment Program (Adult)
- Division of Pulmonary, Critical Care and Sleep Medicine (Adult)
- Center for Post-COVID Care and Recovery

My clinical area of interest is in adult asthma, specifically adult onset and difficult to treat asthma. I hope to continue contributing to the science of airway inflammation in asthma via clinical and translational research. In our labs, we are working to characterize the phenotypes and endotypes of asthmatics, with the ultimate goal of tailored therapy for each patient with asthma.

Board Certification

Internal Medicine
Pulmonary Medicine
Critical Care Medicine

Education

1991 - 1995 Washington University, St. Louis, MO, BA
1996 - 1998 St. George's University School of Medicine, St. George's, Grenada, W.I., MSc
