IMPORTANT NOTICE: 12-Drug MIC panels for slowly growing NTM available June 3

Dear Client:

On June 3, 2013, National Jewish Health® Advanced Diagnostic Laboratories will resume performing 12-drug MIC panels for slowly growing NTM in our mycobacteriology laboratory. Please note that all requests for these panels received prior to June 3 will be run as 8-drug MIC panels (\$307.50 list price).

The list price for the 12-drug MIC panel remains \$427.98. Please contact our mycobacteriology team at 303.398.1339 or TBLab@njhealth.org if you have any questions or would like additional information.

We appreciate your continued support of National Jewish Health Advanced Diagnostic Laboratories.

Sincerely,

Max Salfinger, MD, FIDSA, FAAM
Director, Mycobacteriology Laboratory, CAP **15189** certified
