Honoring
FRANK GRIMALDI
Senior Managing Director
North American Sales Manager
Gordon Brothers

Frank Grimaldi is a 35-year veteran of asset valuation and commercial lending. At Gordon Brothers, he is responsible for developing and maintaining client relationships throughout North America. He also manages the firm's regional business development officers and oversees the Mid-Atlantic region, working closely with asset-based lenders, private equity sponsors and corporate management teams in multiple states and Washington, D.C.

Frank is a board member of New York Institute of Credit and Secured Finance Network where he is an executive board member of the Secured Finance Foundation. Additionally, Frank is a board member of Turnaround Management Association (TMA) of New York City and is the incoming president-elect for the Global TMA.

In 2022, Frank was Dinner Chair of this event. He lives in Dix Hills, NY, and is married to his high school sweetheart, Renee, with whom he has three grown children. Together, they enjoy golfing, traveling and Sunday dinners with the family.

National Jewish Health is *the* place in the United States where patients with the most difficult cases of lung, heart, immune and related diseases seek life-changing care.

Your philanthropic gifts enable our dedicated team of physicians and scientists to bring hope to children and adults worldwide by pursuing new pathways of care, treatment and discovery.

THANK YOU

Thank you for supporting National Jewish Health through the Financial Industries Dinner. Increase your impact by donating at njhealth.org/FID or scanning the QR code.

**National Jewish
Health®**

Breathing Science is Life.®

Dear Friends,

Thank you for being a part of the 48th Annual Financial Industries Dinner benefiting National Jewish Health. We are proud of our connection spanning decades and grateful for the commitment of all those who have helped drive its success. Tonight, we are pleased to honor Frank Grimaldi for his example of distinguished leadership in his industry and in the community.

Our world-class doctors, scientists and specialized experts embody this same spirit of excellence through research that leads to cutting-edge discoveries; and they are driven by a commitment to compassionate care that has been the foundation of our healing mission for more than 125 years. We are unwavering in our quest for answers to lung, heart, immune and related diseases that affect so many around the world.

In today's increasingly complex environment for biomedical research and health care, we must safeguard decades of progress and persevere to ensure the future of patient care. Just as we count on our dedicated faculty and staff to make an impact on human health, we also count on generous supporters like you to power our lifesaving work. Thank you for making a profound difference to National Jewish Health, the medical community and most importantly, to our patients and families.

To learn more about our impact as the nation's leading respiratory hospital, please visit njhealth.org. Contact your regional National Jewish Health office at 212.297.0857 for more information.

On behalf of our Board of Directors, Council of National Trustees, faculty, staff and the patients and families we serve, thank you for joining us for the 2026 Financial Industries Dinner. Best regards.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Salem". The signature is fluid and cursive, written in a professional style.

Michael Salem, M.D.
President and CEO

Dear Friends and Colleagues,

Welcome, and thank you for joining us to honor Frank Grimaldi and to support National Jewish Health. It has been a pleasure to serve as part of the dinner leadership alongside Frank. Whether in business or service to the community, Frank gives his all. He serves as an example and inspiration, and he is truly worthy of tonight's recognition.

We recently traveled with Frank for a tour of the National Jewish Health main campus in Denver. Upon returning home and sharing with friends and family about the lifesaving work we had witnessed, we realized the impact of National Jewish Health reaches far beyond Colorado.

Neighbors in New York and family across the country told us how they had benefited from the unique model of care for which the hospital is renowned. It makes us proud to be associated with National Jewish Health.

As you flip through this program, take note of the many people and companies who have joined us to make tonight a successful fundraiser and a fitting celebration of Frank.

Again, thank you for honoring a very deserving colleague and friend, while helping to save and improve the lives of people everywhere.

Enjoy the celebration!

Chris Carmosino

Christopher R. Carmosino
Dinner Chair

Dinner Treasurer

BEHIND THE SCENES®

at National Jewish Health

Frank Grimaldi, Christopher Carmosino and Richard Stehl visit National Jewish Health in Denver on January 13, 2026.

A National Jewish Health Morgridge Academy student shares with Chris, Frank and Richard how this special school has taught her to manage her chronic illness and succeed academically.

Richard, Frank and Chris tour the National Jewish Health Center for Outpatient Health.

*Member, National Jewish Health Council of National Trustees

National Jewish Health is *the* place in the United States where patients with the most difficult cases of lung, heart, immune and related diseases seek life-changing care.

Here, doctors and researchers apply their deep knowledge to advance discovery science and multispecialty care, and with their courage and inspiration, they have been unstoppable in finding answers for the most complex diseases since 1899.

BEST IN THE NATION

National Jewish Health achievements include:

- Worldwide recognition for the impact of scientific findings and for developing national guidelines for the diagnosis and care of asthma, lung cancer, COPD, idiopathic lung disease and atopic dermatitis, among many other diseases.
- Physicians and scientists regularly publish their groundbreaking work in the most prestigious scientific and medical journals, including *Cell*, *New England Journal of Medicine*, *Lancet* and *JAMA: The Journal of the American Medical Association*.
- Consistently recognized as worthy of support by the National Institutes of Health (NIH).
- More than 50 of our physicians recognized among the best doctors on lists including “America’s Top Doctors” by Castle Connolly.

GROUNDBREAKING RESEARCH

National Jewish Health has made many important scientific findings and advances, including:

- Discovering the IgE molecule and T-cell receptor gene, both critical to immune response.
- Predicting eczema and food allergies in children, the first step to preventing these diseases.
- Achieving remission of severe asthma, which can be debilitating and life-threatening.
- Improving treatment for cystic fibrosis, extending the lives of patients into adulthood.
- Progressing the science of lung repair, with the goal to reverse damaging effects of disease.

EDUCATING FUTURE LEADERS IN MEDICINE

National Jewish Health physicians and scientists are thought leaders. They elevate the standard of care through their own work, while shaping the current and next generation of health care professionals. Education is central to our mission, and we achieve this through continuing medical education classes, trainings and our post-doctoral fellowship program.

Whether you live in New York, London, Denver — or anywhere else in the world — your support of National Jewish Health, right now, will help to make possible compassionate care and breathtaking discovery that will impact you and generations to come.

The Dinner Committee expresses appreciation for additional contributions made by these generous supporters:
