

Seventh Annual Hoops & Hoopla on April 3 at INVESCO Field at Mile High

APRIL 01, 2010

Denver, CO —

Event benefits the Kunsberg School for chronically ill children on the campus of National Jewish Health

The seventh annual Hoops & Hoopla on Saturday, April 3 in the impressive Club Level at INVESCO Field at Mile High combines exciting college basketball semifinal games with support for chronically ill children at Kunsberg School on the campus of National Jewish Health. In addition to watching the two games on a nine-panel video wall, the Jumbotron on the field and 35 TVs, guests at Hoops & Hoopla will enjoy a buffet of stick-to-your-ribs gourmet food, an open bar, an array of silent auction items and a variety of games. Last year, more than \$100,000 was raised at Hoops & Hoopla.

National Jewish Health is known worldwide for treatment of patients with respiratory, cardiac, immune and related disorders, and for groundbreaking medical research. Founded in 1899 as a nonprofit hospital, National Jewish remains the only facility in the world dedicated exclusively to these disorders. For 12 consecutive years, U.S. News & World Report has ranked National Jewish the #1 respiratory hospital in the nation.

Kunsberg School is a unique day school program for kindergarten through eighth-grade students whose chronic illnesses may prohibit their attendance in a normal public school. Students receive individual and structured education programs to assist them in achieving academic and physical excellence, and prepare them to become independent, self-reliant and responsible. From three nurses, the 82 students in the school learn specific medical self-care practices, enabling them to monitor and manage their illnesses and to go on to lead productive, meaningful and active lives.

National Jewish Health is the leading respiratory hospital in the nation. Founded 121 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care. To learn more, visit the [media resources page](#).
