

Pediatric Allergist/Immunologist Dr. Anna K. Meyer Joins National Jewish Health for *Kids*

SEPTEMBER 11, 2020

DENVER — Anna K. Meyer, MD, PhD, has joined the nationally renowned pediatric faculty at National Jewish Health. She recently completed her fellowship in Pediatric Allergy and Immunology at National Jewish Health. Dr. Meyer lead the National Jewish Health *for Kids* Immunology Program as well as see general allergy patients at the main campus. She has clinical interests in diagnostically challenging cases, mast cell-related diseases, and immune deficiency/dysregulation disorders.

Dr. Meyer received her medical degree at Medical University of South Carolina in Charleston, and completed her pediatric residency at Johns Hopkins All Children's Hospital in St. Petersburg, Florida. Additionally, Dr. Meyer has a Doctor of Philosophy (Biomedical Sciences, Molecular Immunology) degree from the Medical College of Georgia.

National Jewish Health is the leading respiratory hospital in the nation. Founded 121 years ago as a nonprofit hospital, National Jewish Health today is the only facility in the world dedicated exclusively to groundbreaking medical research and treatment of patients with respiratory, cardiac, immune and related disorders. Patients and families come to National Jewish Health from around the world to receive cutting-edge, comprehensive, coordinated care. To learn more, visit the media resources page.
